UDAY BAGARI

PRODUCT DESIGNER

I love to dig into user problems as well as business problems and solve them with design thinking. I create, scale, and optimize ideas that matter. To accomplish this, I focus on delivering key outcomes, building an amazing team, and quickly adapting to new learnings. My personal and professional experiences have taught me how to be a responsible person.

I have 6+ years of professional experience in design and now I am looking for new and exciting opportunities to work as a "Product Designer" or "Senior Product Designer" for a longer and more productive duration. where I can contribute, Learn and grow with the organization.

EXPERIENCE (6+ YEARS)

May 2021 - March 2023
Konnectbox
Bangalore

Product Designer (Full Time)
I worked on multiple products as a product designer and that followes

1. Konnectbox B2B eCommerce Application - This is for retailers across india, To source inventory in bulk and credit from their favorite manufacturers and distributers.

2. Konnectbox Suppliers Dashboard Panel - This helps manufacturers and distributors to manage their daily orders, payments, inventory, brands, advertising and marketing with ease.

3. Konnectbox Admin Dashboard Panel - This helps admin to organise the business by getting valuable data on orders, sales, payments, revanue and other essentials of business.

4. CraveX Mobile Application - An opnion trading platform where user can trade "yes" or "no" on their faviorite topics. I worked on UX, planing and structuring of the app but partly worked on Visual Design.

5. Cravex Admin Dashboard - This helps admin and managers to organize events, customers, bids, trades and transactions with ease.

In this journey, I got an opportunity to wear many hats and learn many hidden things and I got an experience of creating and handling team of UI Designers, UX Researchers, UX Designers, Graphic Designers and Design Interns.
